Strato Authorizes G.B.S. Mining Services to Represent Its Products and Services

Piscataway, NJ, May 18, 2018 – Strato has signed an agreement authorizing G.B.S. Mining Services, a supplier to the Australian railroad and mining industry, to represent and promote Strato products in Australia and New Zealand as an independent contractor.

G.B.S. will purchase and distribute Strato products directly to G.B.S. customers in Australia and New Zealand. Authorized regions include the states of Queensland, New South Wales, Victoria, South Australia, Western Australia, Tasmania (the “Territory”) and New Zealand.

“Our agreement with G.B.S. as a valued distribution partner will ensure our customers benefit from excellent, regional service while expanding our market in Australia and New Zealand”, said Alan Lullman, Strato VP Sales.

G.B.S. plans to add Strato products to their website and will manage their incoming orders directly for their authorized territory.

About G.B.S. Railroad and Mining Services

GBS Railroad and Mining Services is a supplier to the Australian railroad and mining industries. It has a long standing relationship with many of the leading manufacturers and suppliers of OEM and quality aftermarket spare parts for locomotives and freight cars. Its principal has over 40 years’ experience in locomotive and freight car servicing and maintenance.
