

Wood Tie Plugging Cartridges and Applicators

200ml Cartridge

200ml Manual Applicator

The 200ml cartridge is designed for small tie plugging jobs such as plugging around a thermite weld. The 200ml applicator is lightweight and compact, and designed to fit in a welders tool kit.

Yield: 10-15 Spike Holes per Cartridge
Packaging: 36 Cartridges per Case

600ml Cartridge

600ml Short Manual Applicator

600ml Manual Extended Applicator

600ml Cordless Powered Applicator

Increase operator comfort and greatly reduce costs with our line of 600ml applicators and 1:1 ratio expanding plugging compound for wood tie repair. All of our applicators are manufactured with high strength steel and are a rugged reusable applicator.

Yield: 30-35 Spike Holes per Cartridge
Packaging: 12 Cartridges per Case

1500ml Cartridge

1500ml Cordless Powered Applicator

Encore's 1500ml cartridges are manufactured for larger manual tie plugging jobs. The 1500ml cartridge can plug up to 85 holes, allowing operators to change cartridges less frequently and keep up production. 1500ml cartridges allow for more chemical in each case to reduce the number of cases needed which reduces freight costs as well.

Yield: 80-85 Spike Holes per Cartridge
Packaging: 6 Cartridges per Case
